

# Interior Design website Style Guide

## Form Elements and details

website have a Contact form page which we validate through java script and have 4 Input fields. Style for the text input is solid border with 3px and same light purple color used throughout the theme. In the end there is a submit button on the form which has theme's purple color as background and white as foreground text color. Button style is consistent throughout the website

The screenshot displays a contact form on a website with a light purple theme. At the top left is the 'iDECOR' logo, and at the top right are links for 'Products' and 'Contact'. Below the navigation is a banner image of a modern living room with the text 'Lead your life in your own style'. The form itself is on a light gray background and contains four input fields with 3px solid light purple borders, each preceded by a label: 'Name:', 'Last Name:', 'Telephone Number:', and 'Email address:'. A purple 'Contact Us' button with white text is positioned below the fields. The footer is a solid purple bar containing the copyright notice '© Raja Waqas Ahmed 2018' and social media icons for Facebook and Twitter.
